

For Sellers

-  1. Virtual Video Listing Consultation using FaceTime, Skype or other video applications.
-  2. Digital Documentation and Electronic signatures for the entire process of selling your home.
-  3. Antibacterial and Sanitizing processes to keep you safe while your Home is on the market and being shown.
-  4. Option of Virtual video showings to buyers.
-  5. Virtual Open House Events so that buyers can tour your home without risk of exposure for your family.
-  6. Option of getting buyer offers before showing your home to eliminate unnecessary showings.
-  7. Negotiate offers with digital documents and by video conference conversations.
-  8. Remote closing and digital recording procedures in place so closings can happen safely and quickly.

For Buyers

-  9. Virtual Video Buyer Consultation using FaceTime, Skype or other video applications.
-  10. Digital Documentation and Electronic signatures for the entire process of buying a home.
-  11. Antibacterial and Sanitizing processes to keep you safe when looking at houses.
-  12. Option of Virtual video showings so you can see houses from the safety of your home.
-  13. Negotiate offers with digital documents and by video conference conversations.
-  14. Remote closing and digital recording procedures in place so closings can happen safely and quickly.

Not Tech Savvy? No problem. We'll help you through the entire process.

SAFETY PROTOCOLS FOR BUYERS AND SELLERS

This is your guide to the procedures our team has implemented immediately during the Coronavirus Outbreak to keep YOU and our community safe in the home buying or selling process:
